FOUR-LEGGED FRIENDS ARE FAMILY AT JOIE DE VIVRE'S PET-FRIENDLY HOTELS

Overview [Joie de Vivre](#) has 15 pet-friendly properties in California, with Fido-friendly packages, amenities and a progressive pet policy designed to make hotel stays hospitable for dogs and their owners alike. Unlike many hotels, Joie de Vivre's properties do not impose weight restrictions on dogs and typically do not charge pet fees* (provided there is no damage to a guestroom and dog owners abide by pet policy rules).

In San Francisco, Joie de Vivre has seven dog-friendly hotels – more than any other hotel group in the city. Two properties in the East Bay and in Silicon Valley that welcome pets, along with Carmel Valley Ranch in Carmel, make Northern California a decidedly dog-friendly destination. In Southern California, where Joie de Vivre's collection continues to grow, Custom Hotel LAX in Los Angeles, Shorebreak Hotel in Huntington Beach and Pacific Edge Hotel in Laguna Beach welcome dogs, too.

Pet Perks

In addition to eliminating weight limits and not charging a fee for pets*, Joie de Vivre's pet-friendly hotels also offer special amenities for four-legged guests:

- Examples of dog-friendly amenities include in-room dog beds, dog food, water bowls, toys and even a doggie turndown service.
- Shorebreak Hotel in Huntington Beach has a "Pet-a-Potty" - a 4' x 8' "lawn" specifically for dogs that is located on the second floor deck.
- Dogs who check in at San Francisco's Laurel Inn receive a personalized welcome letter and a list of all the property's pet-friendly amenities.
- Some hotels offer fee-based grooming or dog walking upon request.
