SEEDLINGS HELP REDUCE GLOBAL WARMING!

Hotel Durant is proud to be a participant in Emeryville's Healthy City Initiative and to be a recipient of the 2008 Berkeley Champion of Sustainability Award and the California Green Lodging Program Leadership Level Award.

FIVE KEY COMPONENTS TO GREEN MEETINGS

As part of the numerous standards established by Joie de Vivre Hotels, five key components to Green Meetings at Hotel Durant are:

- Meeting rooms are equipped with recycle/composting bins.
- Catering menus offer local, organic, humane, and sustainable foods; left over food will be donated to local food banks and shelters when possible.
- The use of a white board is encouraged, rather than a flip chart; paper pads on the table will be from recycled paper, using vegetable or soy-based inks.
- Lights and air conditioning are turned off when function space is not in use.
- Live plants or creative and reusable table center pieces will be encouraged rather than floral, helium, and throw-a-way items.

We welcome the opportunity to host your next meeting or special event, and are proud to serve you and your guests to ensure a successful outcome.
