SAN FRANCISCO

## Our Sustainability Commitment

Our commitment is simple: meet the needs of our guests without compromising the ability of future generations to meet their needs. We believe it's critical to communicate our programs to you and provide you the opportunity to support our commitment. Below are just some of the programs we're proud to have in place:

- Soaps, shampoos, conditioners and lotions are collected through a partnership with Clean the World to help fight the global spread of preventable diseases.
- If you're staying more than one night, you can choose to have your bed linens changed every three days to minimize the impact on natural resources.
- You have the choice of reusing your towels as you may do at home, or having freshly laundered towels provided daily. Simply hang your towels to reuse them.
- We recycle all newspapers, cans and bottles that are placed in your guestroom recycling container or placed on the desktop.
- Your guestroom is equipped with energy-efficient lighting throughout.
- Water conserving showerheads and faucets with aerators have been installed in every guestroom.
- We compost all food waste from restaurant, room service and banquet operations to reduce our impact on landfills.
- Espresso drinks served in O Izakaya Restaurant & Lounge are made using Lavazza Tierra, a Rainforest Alliance Certified 100% Arabica espresso blend sourced through a sustainable agricultural network.
- Guestrooms will soon be equipped with GreenSwitch, whereby your room key will power-up your room, and when you leave all electronics using "phantom power", like TVs and lighting, will power-down to reduce energy consumption.

If you have any comments or suggestions on how we can improve our commitment or the programs that support it, feel free to contact me directly at 415.614.5400 or via email at [jhenry@jdvhotels.com](mailto:jhenry@jdvhotels.com).
